

ROYAL COLLEGE OF SURGEONS IN IRELAND

FELLOW OF THE FACULTY OF DENTISTRY

PERIODONTICS

November 2018

Time allowed for this paper – THREE HOURS

Examiners: Dr. Chris Irwin, Dr. Brian Mullally

Please use a SEPARATE answer book for each question and ensure your examination number appears on every book.

ANSWER ALL THREE QUESTIONS

1. Discuss the use of antibiotics in the treatment of periodontal disease. Outline the rationale for their use, including both advantages and disadvantages, and indications for usage.
2. Outline the aetiology, clinical features and management of localised aggressive periodontitis.
3. Describe the presentation and diagnosis of peri-implantitis. Discuss the risk factors for this condition. Outline an appropriate management strategy for peri-implantitis, including how you would advise patients regarding prognosis.
