1. General Regulations

The Membership in General Dental Surgery (MGDS) of the Faculty of Dentistry of the Royal College of Surgeons in Ireland is registrable as an additional qualification with the Dental Council in Ireland.

The requirements to present for the examinations are outlined below.

The dates of the examination and the fees payable for admission to the examination are set out in the examination calendars, which are published annually by the College and are available on the Faculty of Dentistry website <https://facultyofdentistry.ie>. The examination is conducted in the English language.

Applications must be made online through <https://postgradexams.rcsi.ie/>

Prior to formally applying, please ensure that you carefully read the following information that can be found on our Faculty [website](#)

- Exam regulations
- Exam Rules of Conduct

The online application must be received by the SARA Department (Student Academic and Regulatory Affairs) on or before the closing date of the examination. Once applications have reached the maximum quota, which may be in advance of the advertised closing date, no further applications will be accepted.

Once your online application has been processed, you will receive official confirmation, along with your examination number.

The SARA Department will be in contact with you prior to the examination regarding further details and timetables, etc.

The required certificates and the full amount of the fee payable for the examination must accompany applications for admission to an examination.

Candidates should make themselves familiar with the Examination Policies available on our [website](#)

Candidates withdrawing from an examination must adhere to the examination policies regarding withdrawal.

The College or Board of the Faculty reserves absolute discretion to refuse to admit to the examination, proceed with the examination of, any candidate who (a) infringes any of the Regulations or (b) who is considered by the Examiners to be acting in a manner prejudicial to the proper management and conduct of the examination or (c) whose conduct has rendered them in the College's or Board's opinion, unsuitable for conferral with the Diploma/Membership of Faculty of Dentistry of the Royal College of Surgeons in Ireland.

Candidates who wish to appeal should review the appeals policy.

2. Membership in General Dental Surgery

Entry Requirements & Examination Format

MGDS – Entry Requirements

The requirements to present for the examination in MGDSRCSI are:

1. An undergraduate dental qualification.
2. Holder of the MFD RCSI*, MFDS*, or MJDF * (For those candidates in possession of the MFD RCSI, they must be in good standing with the Faculty of Dentistry RCSI)

***The above qualifications will only be accepted if achieved by examination. A letter from the awarding Faculty confirming this, must be submitted with the candidate's application.**

3. At least three years post-graduation from the dental school where the primary qualification has been obtained.

MGDS – Examination Format

Notes

The Membership in General Dental Surgery Examination has one paper which consists of two sections:

Section 1 Clinical Reasoning Assessment (CRA), based on clinical dental practice
Section 2 Single Best Answer (SBA), based on clinical dental practice

The MGDS Examination standard will be set at a higher level than the MFD RCSI examination.

The examination may be delivered in a variety of formats. It will be delivered remotely (on-line) at least until the existing COVID pandemic restrictions are completely resolved.

Components	Description
Section 1	Two hour Written Paper (CRA) (Twenty Short Structured Questions assessing clinical knowledge and reasoning in Dental Practice)
Section 2	One hour Written Paper (SBA) (Sixty single best answer questions assessing aspects of General Dental Practice)
Award of the MGDS	The MGDS will be awarded to those who pass both sections of the examination. The passing mark is based on the performance in both sections of the examination.
Notes	The fees and deadline for candidates entering the examination is advertised on the Faculty website.

RCSI

APPENDIX I

Candidate Code of Conduct

Candidate acknowledgement of the code of conduct for examination

By enrolling in an examination held by the Faculty of Dentistry, Royal College of Surgeons in Ireland, I, a candidate for examination, confirm that I have read, understood and accepted the following code of conduct for the examination.

The Code of Conduct in respect of disseminating examination information:

1. I confirm that I will not disseminate in any way (written, oral or electronic) information regarding the content of this examination. I will maintain the confidentiality of the examination materials. I will not reproduce or attempt to reproduce examination materials through recording, memorization, or by any other means. I will not provide information relating to examination content to anyone, including those who may be taking or preparing others to take the examination. This includes postings regarding examination content and/or answers on the Internet.
2. Should RCSI obtain information that I had prior access to or was involved in, reproducing or disseminating RCSI examination question materials, I understand that I may be prohibited from ever taking or retaking any RCSI certification examinations.
3. I understand that prior knowledge of or disseminating information on the content of the a) Written Examination (both on line or paper based) or b) Oral Clinical Examination (Viva Voce, both on line or paper based), or c) Clinical Skills Examination (where applicable), could constitute a breach of my responsibility as an RCSI examination candidate.
4. I understand and accept that any violation of the above notices may mandate an investigation that may subject me to disciplinary and/or legal action taken by RCSI. The RCSI may, at its discretion, refuse to examine me or, having examined me, may refuse to issue a certificate based upon its above-described investigation. Should I already have become a Fellow, Member or Diplomat of the Faculty of Dentistry, RCSI, such violation may result in the revocation of my certificate. It would also be customary for RCSI to inform such violation to the relevant professional governing body with whom I am registered in the practice of dentistry.

Penalties for Examination Offences

Examination offences are taken extremely seriously. Anyone either suspected of or caught committing an examination offence or for breaching the code of conduct in relation to the dissemination of examination information will be reported immediately to the Faculty and College Authorities. Further action may be taken.

Scope of Examination

The scope of the examination is broad and covers all aspects of general dental practice. No syllabus can be comprehensive and the list that follows is not intended to be prescriptive but to give candidates a guide to the scope of the examination. Both theoretical and practical knowledge in respect of the following non-exhaustive headings will be expected.

1. **Clinical Application of basic dental and medical sciences:** demonstrating and applying a sound knowledge of the basic sciences relevant to the examination, diagnosis, treatment planning and treatment of patients in general dental practice, including the impact of underlying medical conditions, psycho-social factors and past dental history on their dental care
2. **Preventive Dentistry:** integrating the concept of active disease prevention into general dental practice including preventive care in relation to caries, periodontal disease, tooth surface loss and dental health education.
3. **Clinical dentistry:** a level of expertise consistent with at least 3 years post –qualification in the practice of all aspects of clinical dentistry.
4. **Biomaterials:** clinical performance of dental materials available for use in the oral environment, including rationale for particular choices, alternatives and their limitations.
5. **Emergencies in dental practice:** Medical emergencies in dental practice including cardio-pulmonary resuscitation. The management of acute dental emergencies and the overall management of the emergency patient.
6. **Management of Special Care Patients:** including the individuals with special needs, medically compromised and elderly patients.
7. **Medical ethics and medico-legal responsibilities:** knowledge of professional ethics, jurisprudence and regulations pertaining to the practice of general dentistry.
8. **Therapeutics:** Principles of applied pharmacology in dentistry, prescribing in dental practice including a thorough understanding of the contra-indications and side effects of relevant medications and how they may affect the provision of dental care.
9. **Radiology:** knowledge of radiology, radiation hazards, principles of safe and effective imaging, the effects of ionising radiation in clinical practice including radiation protection, monitoring and dose reduction.
10. **Practice management and personnel issues:** understanding of the socio-economics of providing dental care, communication skills, information management, clinical record keeping, clinical audit including the audit cycle , quality assurance, strategic planning in the practice environment, the

RCSI

mechanics of practice management, cost efficiency, selection and management of staff, delegation, motivation and supervision of dental auxiliaries, and maintenance of standards of laboratory work.

11. **Health and safety:** The knowledge, and where applicable, implementation of best practice regarding all health and safety issues relating to the practice of general dentistry including implications of COVID-19 with its physical & psychological effects on clinicians, staff, patients and specifically for the safe management of general dental practice. Constant monitoring review and update of workplace guidance related to the practice of dentistry including heating, air- conditioning and ventilation relevant to SARS-CoV-2.
12. **Dental literature:** knowledge of relevant current literature from which contemporary best practice is based and an ability to evaluate relevant scientific reports.
13. **Epidemiology & Research:** knowledge of how frequently oral or dentally related diseases occur in different groups of population and why, including plans and strategies to prevent such occurrences.
